| <p>* Financial Need: Why are you unable to fund this project without Federal assistance? How are the critical functions of your organization affected without this funding? Please provide the details of your current operating budget. Include information on efforts to obtain funding elsewhere and how similar projects have been funded in the past.</p> <p>The Technology Across the Curriculum budget is dedicated to supporting existing enterprise educational technology systems at Oregon State University. The pursuit of education and research with emerging technologies comes from external grant funds. The FELIX project is a collaboration of TAC, Enterprise Risk Services, and the Corvallis Fire Department to employ virtual simulation for fire safety education. In order to underwrite this collaboration and subject matter at Oregon State University external funds are required and FEMA is a relevant funding source. TAC's current operating budget supports the Second Life simulation environment in which the fire safety simulation will be built. In addition TAC must employ designers, programmers, and research associates to develop and research the result. A similar project is "WAVE" which is a 5-yr interdisciplinary project funded by USDA NIFA AFRI in which TAC is developing a virtual simulation environment in order to improve health and nutrition education.</p> |  |
| <b>Additional Information</b>  |  |
| * This fiscal year, are you receiving Federal funding from any other grant program for the same purpose for which you are applying for this grant?   | No   |
