

FIRE SAFETY STUDY

What would you do if you were stuck inside a building that's on fire? What would you do if you smelt smoke?
We want to know!

If you live or have lived in an OSU residence hall, please contact our research group at felix@oregonstate.edu to schedule a **30 minute interview**.

This research project aims to discover what you would do to maintain your safety in various fire-related situations.

PI: Lynn Greenough
