

FIRE SAFETY STUDY

What would you do if you were stuck inside a building that's on fire? What would you do if you smelt smoke? **We want to know!**

If you are 18 or older, and live or have lived in an OSU residence hall, please contact our research group at felix@oregonstate.edu to schedule a 30 minute interview.

This research project aims to discover what you would do to maintain your own safety in various fire-related situations.

PI: Jon Dorbolo
